ANNUAL TOWN MEETING

The legal voters of the town of Dover, Vt., are hereby notified and warned to meet the second day of March next, at 10 o'clock A. M., at the church in Dover Center, so called, to act upon the following articles, to wit:—

Article 1. To choose a moderator.

Article 2. To act upon the report of the auditors.

Article 3. To see if the town will vote whether or not the selectmen shall be empowered and authorized to appoint one or two road commissioners.

Article 4. To choose all town officers required by law to be elected at the annual March meeting.

Article 5. To see if the town will vote to pay their town officers for the ensuing year, and if so, how much.

Article 6. To see what sum of money or per cent of the grand list the town will raise to defray the expenses and liabilities of said town.

Article 7. To see what sum of money or per cent of grand list the town will vote to raise for the maintenance of highways.

Article 8. To see what sum of money or per cent of the grand list the town will vote to raise for the maintenance of its schools.

Article 9. To see if the town will vote to raise a sum of money for highway purposes to take advantage of the state aid law, and if so, how much.

Article 10. To see if the town will vote to have medical inspection in its schools.

Article 11. To see if the town will take advantage of Act No. 48 of the Acts of the General Assembly of 1915.

Article 12. To do any other business that may come before said meeting.

D. F. FITCH,
F. E. YEAW,

Selectmen.

We, the undersigned auditors for the town of Dover, Vt., have examined the account of the school directors of the town of Dover for the preceding year and found them correct.

FRANK HESCOCK,
A. E. SIDE,
BERT COLLINS,

Auditors.

January 31, 1921.

SCHOOL SUPERINTENDENT'S REPORT

To the School Board of Dover, Vermont:

I have the honor of presenting to you, and through you to the citizens of the town, my first report as superintendent of schools.

My work as superintendent of schools the past year has been largely that of getting acquainted with conditions in the several towns under my supervision. There are nine towns—Athens, Brookline, Dover, Grafton, Newfane, Marlboro, Stratton, Townshend and Wardsboro.

You can readily see that the visiting of schools requires much traveling. It is not my intention to neglect any school, but where teachers are doing good work, those schools are not visited so often as schools where help is needed.

There was a scarcity of trained teachers this year but Dover was able to secure two well-trained and experienced teachers. Your schools are carefully graded, and doing excellent work.

The Goose City and North Street schools were united this year; an excellent building in East Dover was opened for the pupils from these schools.

I would suggest that the interior of the West Dover school be renovated and blinds furnished for all windows.

I would recommend that this district vote in favor of medical inspection; the state gives this service without expense to the town. The following is an act relating to medical inspection of schools:

"It is hereby enacted by the General Assembly of the State of Vermont:

Section 1. In a town which, pursuant to the provision of Section 1313 of the General Laws, has voted or shall vote to have medical inspection of schools, it shall not be necessary thereafter to annually vote upon the ques-

tion, but such inspection shall be continued until the town, at any regular or special meeting duly warned for that purpose, votes to discontinue such inspection.

Sec. 2. This act shall take effect from its passage.

Approved January 21, 1921."

Parents are strongly urged to visit school often and to confer frequently with teachers and superintendent in regard to the work which pupils are doing. By so doing, the best interests of the children will be served. It is important that home and school co-operate fully in making our girls and boys happy and efficient members of society.

I wish to thank the teachers, school board and citizens for their generous support during the past school year.

Yours for better schools,

CHAS. H. STRAITIFF,

Superintendent of Schools.

Townshend, Vt., January 29, 1921.

B. B. COLLINS,
C. J. UPTON,

Auditors.

January 31, 1922.

District Health Officer's Report

A résumé of the prevalence of communicable diseases reported to the office of the district health officer, Sanitary District No. 10, during 1921.

Total number reported for twenty-six towns, 468.

Based upon the 1920 Census for these towns, 1.2 per cent.

The following list shows the number of each kind of disease reported:

Chicken pox,	174
Whooping cough,	143
Scarlet fever,	72
Diphtheria,	26
Measles,	23
Mumps,	13
Smallpox,	6
German measles,	5
Typhoid fever,	4
Influenza,	3
Infantile paralysis,	2

Chicken pox has been prevalent in 13 towns, in most instances throughout the year, at no time reaching epidemic proportions.

Three towns had limited epidemics of *whooping cough*, the number of these cases reported being largely due to the final weeks of a general epidemic in one of the larger towns.

Diphtheria has been reported in 5 towns—23 of the cases being in 3 towns, and in each, traced to carriers.

Cases of *measles* appeared in 10 towns. Promptness by physicians in recognizing the disease and establishing adequate quarantine, together with the coöperation of families affected, account for the absence of epidemics of this highly contagious disease.

Scarlet fever has been unusually prevalent throughout the district and state. Most of the cases have been of a very mild type, the illness being so brief and the eruption either absent or so indistinct that suspicion was not aroused, nor was a physician called. Fully one-third of the cases listed were of this kind, and their existence was learned only when desquamation was taking place. These mild unrecognized cases are believed to be, and undoubtedly are, the reason for the continued prevalence of this disease.

Quarantine in *smallpox*, *infantile paralysis*, *diphtheria* and *scarlet fever* has been under the personal supervision of the district health officer, and most of the families in which these diseases have existed have been visited either with the attending physician or at his request.

In *Dover* there were 9 cases of *whooping cough*.

Two violations of the Public Health Laws were reported, and so far as possible, corrected.

Respectfully submitted,

C. S. LEACH, M. D.,
District Health Officer.

ANNUAL TOWN MEETING

The legal voters of the town of Dover, Vt., are hereby notified and warned to meet the seventh day of March next, at 10 o'clock a.m., at the church in Dover Center, so called, to act upon the following articles, to wit:

Article 1. To choose a moderator.

Article 2. To act upon the report of the auditors.

Article 3. To see if the town will vote whether or not the selectmen shall be empowered and authorized to appoint one or two road commissioners.

Article 4. To choose all town officers required by law to be elected at the annual March meeting.

Article 5. To see if the town will vote to pay their town officers for the ensuing year and if so how much.

Article 6. To see what sum of money or per cent of the grand list the town will raise to defray the expenses and liabilities of said town.

Article 7. To see what sum of money or per cent of the grand list the town will vote to raise for the maintenance of highways.

Article 8. To see what sum of money or per cent of the grand list the town will vote to raise for the maintenance of schools.

Article 9. To see if the town will vote to raise a sum of money for highway purposes to take advantage of the State Aid law and if so how much.

Article 10. To see if the town will take advantage of Act No. 48 of the Acts of the General Assembly of 1915.

Article 11. To see if the town will vote to accept the bequest made by Stephen T. Davenport in his will for the sum of \$200, in trust, to be known as The Stephen T. Davenport Poor and School Fund, and to authorize the treasurer to receipt for the same.

Article 12. To do any other business that may come before said meeting.

F. E. YEAW,
D. F. FITCH,
O. C. BOLSTER,

Selectmen.

Dover, Vt., February 9, 1922.

AUDITORS' REPORT

SUMMARY

West Dover school,	\$ 845 94
Canaan school,	727 92
Goose City school,	301 42
North Street school,	342 74
Supplies,	108 18
Transportation,	180 00
Board,	148 00
Miscellaneous,	76 41
Advanced tuition,	425 00
	<hr/> \$3,155 61
Average cost per rural school pupil per year,	\$ 63 23

The school buildings in the eastern part of the town need some repairs, fresh coat of paint, and window lights need putting in. We recommend \$5 cents on the dollar for school purposes for the ensuing year.

F. H. JOHNSON,
C. M. MOORE,
LILLIAN PROUTY,
School Directors.

We, the auditors for the town of Dover, Vt., have examined the accounts of the school directors of the town of Dover for the preceding year and found them correct.

B. B. COLLINS,
C. J. UPTON,
W. N. LAZELLE,

Auditors.

January 31, 1923.

SCHOOL SUPERINTENDENT'S REPORT

To the School Board and Citizens of Dover:

Your school superintendent took over the work of the district August 7th. This district comprises nine towns: Athens, Brookline, Dover, Grafton, Marlboro, Newfane, Stratton, Townshend, and Wardsboro. At present there are no schools in Stratton. In this district there is a school population of 533 distributed among 31 schools.

Since the opening of schools in September, until January 1, 1923, 230 school visits had been made, necessitating over 2000 miles travel. Eighteen visits have been made in the Dover schools.

An effort is being made to make the work of the schools throughout the district more uniform. When pupils move from one town into an adjoining town they ought immediately to fit into the same grade where they had been in the former town.

Just recently tests in arithmetic have been given to all seventh and eighth grade pupils throughout the district. Other tests will probably be given soon. These examinations will show pretty clearly the work being done in the various schools.

We would appreciate it if parents and citizens would visit the schools more frequently.

Respectfully submitted,

G. W. POWERS,

February 1, 1923.

District Superintendent.

BIRTHS IN TOWN OF DOVER FOR THE YEAR OF 1922

- Jan. 20. Lois May to Peter O. and Ruby May (Dorrence) Tysver.

ANNUAL TOWN MEETING

The legal voters of the town of Dover, Vt., are hereby notified and warned to meet the sixth day of March next, at 10 o'clock a.m., at the church in Dover Center, so-called, to act upon the following articles, to wit:

Article 1. To choose a moderator.

Article 2. To act upon the report of the auditors.

Article 3. To see if the town will vote whether or not the selectmen shall be empowered and authorized to appoint one or two road commissioners.

Article 4. To choose all town officers required by law to be elected at the annual March meeting.

Article 5. To see if the town will vote to pay their town officers for the ensuing year and if so how much.

Article 6. To see what sum of money or per cent of the grand list the town will raise to defray the expenses and liabilities of said town.

Article 7. To see what sum of money or per cent of the grand list the town will vote to raise for the maintenance of highways.

Article 8. To see what sum of money or per cent of the grand list the town will vote to raise for the maintenance of schools.

Article 9. To see if the town will vote to raise a sum of money for highway purposes to take advantage of the State Aid law and if so how much.

Article 10. To see if the town will take advantage of Act No. 48 of the Acts of the General Assembly of 1915.

Article 11. To see what action the town will take in regard to bearing the expense of decorating the soldiers' graves.

Article 12. To see what action the town will take toward purchasing some more snow rollers.

Article 13. To do any other business that may come before said meeting.

D. F. FITCH,
O. C. BOLSTER,
F. E. YEAW,

Selectmen.

Dover, Vt., February 15, 1923.

AUDITORS' REPORT
AND
Annual Exhibit of the Finances
OF THE TOWN OF
DOVER, VERMONT

FOR THE YEAR ENDING
January 31, 1924

BRATTLEBORO:
PRESS OF E. L. HILDRETH & CO.
1924

AUDITORS' REPORT

The auditors of Dover, Vt., respectfully submit the following report. The grand list for the year 1923 was \$2,-891.25. On this there was assessed a tax of 300 cents on the dollar—185 cents for town, 75 cents for schools and 40 cents for highways.

Average cost per high school pupil,	\$44 58 $\frac{1}{3}$
Average cost per rural school pupil,	\$58 35 $\frac{43}{48}$

We have on hand ten gallons of paint to be used this coming year.

The state has been asked for repairs on school buildings and grounds. We are in need of new books, globes, maps, etc., and we recommend a dollar on the dollar to meet the school expenses the ensuing year.

C. M. MOORE;
CHAS. F. LAZELLE,
F. H. JOHNSON,
School Directors.

We, the auditors for the town of Dover, Vt., have examined the accounts of the school directors of the town of Dover for the preceding year and found them correct.

C. J. UPTON,
C. M. BROWN,
B. B. COLLINS.

January 31, 1924.

SCHOOL SUPERINTENDENT'S REPORT

To the School Board and Citizens of Dover:

The following is a brief report of school activities since July 1, 1923. At the present time there are eight towns included in this supervisory group. The towns are as follows: Athens, Brookline, Dover, Grafton, Marlboro, Newfane, Townshend and Wardsboro. In this group of towns there is a school population of 505 distributed among 29 schools.

During the summer an unusually large amount of time was spent in looking up and securing teachers. The scarcity of teachers is a very serious problem. It is likely to be more acute another year for there is at present no training class in Brattleboro. This year we secured three teachers from that source.

From the opening of schools in September until January 1, 231 school visits had been made, necessitating 2,109 miles travel. Twenty-three visits were made in the Dover schools.

The superintendent has made an effort to even up the work of the schools throughout this group of towns, that is, to make adjustments so that practically the same work will be done in the same grades in all the schools. Especial effort has been made to strengthen the work of the upper grades.

Practically all of our schools in the various towns need additional books, maps, globes, etc. It would seem a wise thing to purchase a small amount of equipment each year and then the burden would not be so great at any one time.

It is probable that either the Goose City or North Street School will be entered in the Emily D. Proctor contest for the greatest improvement in rural schoolhouses, equipment and grounds. These prizes are to be given only to one-room rural schools. The entering of the school in the contest does not obligate the school board in any way. The board may

make as few or as many repairs as it wishes. If one of the prizes should be won it would be a credit to the town.

Respectfully submitted,

G. W. POWERS,

Superintendent.

February 1, 1924.

BIRTHS IN TOWN OF DOVER FOR 1923

- Jan. 3. Marjorie May to Ralph Pike and Hazel May Hall.
- Feb. 7. Howard Melvin to Harold and Leona (Powers) Wright.
Irene Anna to Walter and Bertha (Cobb) Hescok.

SCHOOL SUPERINTENDENT'S REPORT

To the School Board and Citizens of Dover:

The following is a brief report of school activities since July 1, 1924. There are eight towns included in this supervisory group: Athens, Brookline, Dover, Grafton, Marlboro, Newfane, Townshend and Wardsboro. In this group of towns there is a school population of 513 distributed among 31 schools. There are thirty rural schools and one high school. There are thirty-four full time teachers and one part time teacher. The scarcity of teachers for the rural schools is still a serious problem.

From the opening of schools in September until January first, 255 school visits had been made. In making these visits the mileage covered was 2142 miles. Twenty-three visits were made in the Dover schools.

During the present year especial emphasis has been placed on Civics, Health Work and Vermont History and Geography. The upper grades are showing a marked improvement in the quality of English work which is being done.

Much interest has been manifested in the contest to see which school in this group could get the best percentage of attendance. At the close of the fall term the cup was awarded to the Brookline Union School. Their percentage of attendance was ninety-eight and four tenths.

The repairs completed at the North Street School during the summer have made this one of the most attractive rural schools in this vicinity. The new set of reading books purchased at the opening of the fall term has been a decided addition to your school equipment.

We sincerely wish that the parents and citizens would visit the schools more frequently. During the fall term there were three visitors at the Goose City School, four at North

Street and twenty-four at the West School. A large part of the public money is used for the support of the schools. It is your privilege and duty to visit the schools and observe the work that is being done.

Those who have charge of the public schools are beset with almost endless problems and difficulties. In carrying on this work we seek your friendly coöperation and support.

Respectfully submitted,

G. W. POWERS,
Superintendent.

February 1, 1925.

BIRTHS IN TOWN OF DOVER FOR THE YEAR 1924

- Jan. 6. Elmina Hulda to Lester and Lura (Day) Sargent.
 Apr. 12. Paul Nelson to Chas. O. and Adella (Howes) Dunham.

ANNUAL TOWN MEETING

The legal voters of the town of Dover, Vt., are hereby notified and warned to meet the third day of March next, at 10 o'clock a.m., at the church in Dover Center, so-called, to act upon the following articles, to wit:

Article 1. To choose a moderator.

Art. 2. To act upon the report of the auditors.

Art. 3. To see if the town will vote whether or not the selectmen shall be empowered and authorized to appoint one or two road commissioners.

Art. 4. To choose all town officers required by law to be elected at the annual March meeting.

Art. 5. To see if the town will vote to pay their town officers for the ensuing year and if so how much.

Art. 6. To see what sum of money or per cent of the grand list the town will vote to raise to defray the expenses and liabilities of said town.

Art. 7. To see what sum of money or per cent of the grand list the town will vote to raise for the maintenance of highways.

Art. 8. To see what sum of money or per cent of the grand list the town will vote to raise for the maintenance of schools.

Art. 9. To see if the town will vote to raise a sum of money for highway purposes to take advantage of the State Aid law and if so how much.

Art. 10. To see if the town will take advantage of Act No. 48 of the Acts of the General Assembly of 1915.

Art. 11. To see what action the town will take in regard to hiring a tractor and road machine in place of using horses and road machines owned by the town.

Art. 12. To do any other business that may come before said meeting.

F. E. YEAW,
H. W. WINCHESTER,
O. C. BOLSTER,

Selectmen.

Dover, Vt., February 9, 1925.

SCHOOL SUPERINTENDENT'S REPORT

*To the School Boards and Citizens,
Windham Central Supervisory Group:*

The following is the fourth annual report which your present superintendent submits. The number of towns in the Windham Central Supervisory Group remains the same as in previous years. In this group of towns there is a school population of 504, distributed among 30 schools. There are thirty-three full time teachers and one part time teacher.

From the opening of schools in September until January first, 238 school visits had been made. In making these visits the mileage covered was 2,296 miles.

The past year has been marked by a decided increase in the number of "standard" schools in this district. There are sixteen "standard" or "superior" schools in Windham County. Of this number eight are in our district. There are only 29 rural schools in this district, so one-fourth are already in the improved class. The list is as follows: Grafton Grammar, Grafton Primary, Marlboro Adams, Newfane Grammar, Newfane Primary, Newfane Union, Townshend Intermediate, Townshend Primary. To be rated as either a "standard" or "superior" school is a distinct honor. In every single instance where a school has been made "standard" or "superior" it has required the coöperation of the teacher, the pupils, the community, and school board. It takes the united effort of all to carry through the project.

Another honor which has come to this district was the awarding of the Proctor prize for improvement to the Union School in the town of Newfane.

Besides the schools which were made "standard" or "superior," extensive repair work was done on the Ca-

naan School in the town of Dover and the Four Corners School in Marlboro. It is an especially favorable time just now to make permanent repairs. On this type of work the state will rebate one third of the expense.

It grows more and more obvious that a certain amount of money should be set aside each year for the purchase of new books and equipment and for the making of repairs. If this policy is followed the school property is kept intact and no great outlay is required in any one year.

The cup given by the school boards for the best percentage of attendance has been awarded as follows: once to the Brookline Union School, twice to the Marlboro South School and once to the Adams School in Marlboro.

Besides the regular school visits the superintendent endeavors to keep in touch with the work of the schools by requiring term reports from the teachers and by sending to the teachers frequently circular letters dealing with different phases of school work.

Respectfully submitted,

G. W. POWERS,

Superintendent of Schools.

February 1, 1926.

BIRTHS IN TOWN OF DOVER FOR THE YEAR 1925

- Jan. 17. Jeane Mary, to Theodore and Edith (Haynes) Burchards.
- Feb. 16. Guy John, to John and Lulu (Howe) Hall.

AUDITORS' REPORT

The auditors of Dover, Vt., respectfully submit the following report. The general property grand list for the year 1926 was \$2,744.15. On this there was assessed a tax of 350 cents on the dollar—190 cents for town, 100 cents for school and 60 cents for highway. The intangible list, group No. 1, was \$41.23, assessed 40 cents on the dollar.

 ETTA L. JONES,
 GERTRUDE H. UPTON,
 School Directors.

SCHOOL SUPERINTENDENT'S REPORT

To the Citizens, Windham Central Group:

The following is the fifth annual report to be submitted by your present superintendent. At the beginning of the present school year the town of Jamaica was added to this group, making a total of nine towns. In this group there is a school population of 598, distributed among thirty-six schools. There are thirty-nine full time teachers and one part time teacher.

From the opening of schools in September until January first, 284 school visits had been made. In making these visits the mileage covered was 2,962 miles. This does not include travel occasioned by attending board meetings, Parent-Teacher meetings, looking up teachers, etc.

This paragraph deals with the eight original towns in this group. There are thirty rural schoolhouses which have been in use at some time during the past five years. Of these, eleven have been thoroughly repaired during this period. Besides this, one new building has been erected. Six of these buildings have been rated as "standard" or "superior" by the state department. Since there are only sixteen buildings so rated in Windham County this gives our district more than one-third of the total for the county. All the towns have had to buy some new books, but five towns have commenced to carefully inventory their books and buy systematically and consistently a certain number each year. Five years ago, eight of our rural teachers were teaching on "permits." This year every teacher in the entire district holds a regular certificate. These changes have come rather slowly, but there has been a steady progress which has been encouraging. Much credit is due the local boards and those interested groups of citizens which have made these achievements possible.

Each year the following suggestion has been made; that a definite amount of money be set aside each year for repairs and book replacement. This cannot be urged too strongly.

The following towns, Jamaica, Wardsboro, Townshend, and Newfane, have been fortunate in again having the services of Miss Harriett Davis, dental hygienist. This work is a gift from the Thompson Trust Fund of Brattleboro. Miss Davis' work is proving to be of great value.

The schools in Athens, Brookline, and Grafton benefited from the medical inspection made by Miss Helena Pembroke, a nurse from the Vermont Tuberculosis Association. Following this inspection in Grafton, the local Red Cross with the assistance of the Thompson Trust Fund financed a tonsil and adenoid clinic. Seventeen children were successfully operated on.

A request is being sent to the board of selectmen in each town asking them to insert an article in the warrant for town meeting to see if the town will vote to provide medical inspection for the schools. The expense for such inspection might vary from five dollars in a town like Athens to twenty or twenty-five in a town like Townshend. The work would be under the direction of the local school authorities. The following is quoted from a letter received recently from the commissioner of education.

"It seems to me most desirable for the towns to do this (vote for medical inspection) in view of the fact that the health of school children is so important. I believe that a great deal of time and effort on the part of teachers and pupils is wasted because of preventable disease and physical defects. It is really a measure of economy, therefore, for any town to take measures to assure the best health conditions possible in its schools. Over and over again it has been proven that medical inspection and attention to the health of school children is very profitable as well as being of the greatest value to the children themselves. I sincerely hope

that the towns under your supervision may take such wise and desirable action.”

The repairs at West Dover have proved most satisfactory. The work was approved by the state authorities and one-third of the expense was refunded. Unless the law should be changed it is an excellent time to make repairs of this kind. The state will bear one-third of the expense for approved work.

In closing this report the superintendent would like to call your attention again to the fact that our schools ought not to lag behind the other activities of our busy and progressive world. We demand radios in our homes; we equip our houses with electric lights and modern conveniences wherever possible; we are anxious for the automobile with the latest improvements. We are too much inclined to feel that school equipment of one or two or more generations ago is good enough. A large amount of progress has been made, but there is yet much to be accomplished.

Respectfully submitted,

G. W. POWERS,
Superintendent of Schools.

February 1, 1927.

ANNUAL TOWN MEETING

The legal voters of the town of Dover, Vt., are hereby notified and warned to meet the first day of March next, at 10 o'clock a.m., at the church in Dover Center, so-called, to act upon the following articles, to wit:

Article 1. To choose a moderator.

Art. 2. To act upon the report of the auditors.

Art. 3. To see if the town will vote whether or not the selectmen shall be empowered and authorized to appoint one or two road commissioners.

Art. 4. To choose all town officers required by law to be elected at the annual March meeting.

Art. 5. To see if the town will vote to pay their town officers for the ensuing year and if so how much.

Art. 6. To see what sum of money or per cent of the grand list the town will vote to raise to defray the expenses and liabilities of said town.

Art. 7. To see what sum of money or per cent of the grand list the town will vote to raise for maintenance of highways.

Art. 8. To see what sum of money or per cent of the grand list the town will vote to raise for the maintenance of schools.

Art. 9. To see if the town will vote to raise a sum of money for highway purposes to take advantage of the State Aid Law and if so how much.

Art. 10. To see if the town will take advantage of Art. No. 48 of the Acts of the General Assembly of 1915.

Art. 11. To see if the town will appoint an agent to dispose of the town's real and personal property.

Art. 12. To see if the town will at its expense authorize the substitution of surety companies in the place of individual sureties on the bonds of its officers where such bonds are required by law.

Art. 13. To see what action the voters would take in regard to the selectmen buying a power snow plow if the proposed bill passes the legislature.

Art. 14. To see if the town will vote to instruct its school board to provide medical inspection for the public schools in accordance with Chapter 64 and Section 1313 of the General Laws.

Art. 15. To do any other business that may come before the said meeting.

O. C. BOLSTER,

F. E. YEAU,

H. W. WINCHESTER,

Selectmen.

SUMMARY OF MONEY RECEIVED FROM THE STATE

Received from state, 5 per cent highway tax	\$ 474 82
Received from state, permanent fund	431 38
Received from state, unselected highways	1,069 57
	<hr/>
	\$1,975 77

All work done on the road during the year was at the following prices:

Up to the time of the flood, men were paid \$3.00 per day

Teams were paid \$6.00 per day

E. J. Grout's truck, \$14.00 per day

Ford trucks, \$12.00 and \$14.00 per day

D. M. Hale's truck, \$15.00 per day

D. M. Hale's tractor, \$9.00 per day

After the flood men were paid \$3.50 per day

Teams and trucks the same as before

The sum of \$554.03 was laid out on the roads after the flood. This I expect will be paid back by the state.

Respectfully submitted,

D. M. HALE,

Road Commissioner.

Since making the above report, the town has received from State Highway Maintenance Fund, \$969.55.

SCHOOL DIRECTORS' REPORT

For the Year Ending January 31, 1928

SUMMARY

West Dover school	\$ 727 95
North Street school	722 35
Canaan and Goose City school combined	759 40
Transportation and board for West Dover	458 95
Transportation for Goose City to Canaan	171 00
Superintendent's salary	203 96
Book	3 78
Supplies	30 51
Miscellaneous	81 95
Advanced tuitions	180 00
Improvements at Canaan	23 70
Improvements at North Street	9 00
Improvements at West Dover	5 10
	<hr/>
	\$3,377 55
Average cost per rural school pupil	\$ 76 76
Average cost per high school pupil	36 00

We have school material on hand valued at \$20.00. We recommend \$1.25 on a dollar to meet the school expenses the ensuing year.

C. M. MOORE,
ETTA L. JONES,
GERTRUDE H. UPTON,
School Directors.

SCHOOL SUPERINTENDENT'S REPORT

To the Citizens, Windham Central District:

The following is your present superintendent's sixth annual report. Early in July the school boards of this group of towns met and organized a regularly constituted Union District, with W. H. Rogers of Townshend as chairman and Mrs. Mary J. Whitaker of Newfane as secretary. Through this organization certain advantages have accrued to both the towns and the superintendent. In this district there is a school population of 591, distributed among thirty-five schools. There are thirty-eight full-time teachers and one part-time teacher.

From the opening of schools in September until January first, 287 school visits had been made. In making these visits the mileage covered was 2,927 miles. This is for only four months of the school year. Records of previous years show that the total number of visits during the school year is approximately 580, and that the yearly mileage is close to 6,000 miles. This does not include travel occasioned by attending board meetings, looking up teachers, etc.

While every effort has been made to hold the classroom work to a high degree of efficiency, the outstanding accomplishment of the year appears to be the unusually large amount of improvement which has been made on the school property. In every town in the district there has been some distinct achievement. In Athens, the North School has been improved by changing the windows; purchasing adjustable shades; painting the interior and building a new woodshed. In Brookline the improvements were so numerous and extensive that the school won the Proctor prize of one hundred dollars for the most improvement of any school in the county. The interior of the Canaan School in Dover has been painted and before the end of the school year new toilet buildings will be erected. At the Grafton

Village School a new picket fence has been built around the entire school yard and much new playground equipment has been added. At Rawsonville, in Jamaica, a hardwood floor has been laid and a new Waterman and Waterbury heater installed. The South School in Marlboro has been completely overhauled. The building was raised and newly underpinned; the lighting was changed; a new chimney laid and both the exterior and interior newly painted. So thorough was the job that the school received honorable mention in the Proctor contest. At Williamsville in the town of Newfane the appearance of the school grounds has been greatly improved by the laying of drains and the clearing away of brush and rocks. At Townshend electric lights have been installed in the graded school building. At Wardsboro City the lighting in the schoolroom has been changed and before the school year is over the interior will be newly painted.

This constitutes an unprecedented record of achievement and much credit is due the school boards and local organizations which have co-operated in these enterprises. A total of several hundred dollars in money, labor, and material has been contributed in these various communities to make this achievement possible.

Mention should again be made of the helpful work that Miss Harriett Davis, dental hygienist is doing in our schools. Miss Davis tries not only to interest the children in taking better care of their teeth, but of their general health as well. She visited nearly all the schools in the fall and outlined a health program for the year. She will visit again in May and check up on this work. During the year she is sending monthly letters to the teachers to assist them in this work. The Thompson Trust Fund of Brattleboro finances this work and the superintendent takes this opportunity to publicly express the appreciation of the pupils and teachers in this district for these services.

Six of the towns in this district are definitely committed to the policy of annual medical inspections by a nurse or doctor. The need of this kind of work cannot be too strongly emphasized. At first the results may not be apparent, but carried on over a period of years these examinations and health instructions will prove of life-long benefit to the boys and girls.

The average percentage of attendance for the whole district during the fall term was 93 per cent. The school having the highest attendance record was South Wardsboro with 98.8 per cent. The next was Newfane Grammar School with 98.1 per cent.

The list of "standard" and "superior" schools in this district is as follows: Brookline Union, standard; Grafton Grammar, standard; Grafton Primary, standard; Marlboro Adams, standard; Newfane Grammar, superior; Newfane Primary, superior; Townshend Intermediate, standard; Townshend Primary, standard.

In closing a word of public commendation should be paid to the excellent corps of teachers throughout the district, for the thorough and painstaking work which they are doing.

Respectfully submitted,

G. W. POWERS,

Superintendent of Schools.

February 1, 1928.

ANNUAL TOWN MEETING

The legal voters of the town of Dover, Vt., are hereby notified and warned to meet the sixth day of March next, at 10 o'clock a.m., at the Town Hall, Dover Center, so-called, to act upon the following articles, to wit:

Article 1. To choose a moderator.

Art. 2. To act upon the report of the auditors.

Art. 3. To see if the town will vote whether or not the selectmen shall be empowered and authorized to appoint one or two road commissioners.

Art. 4. To choose all town officers required by law to be elected at the annual March meeting.

Art. 5. To see if the town will vote to pay their town officers for the ensuing year and if so how much.

Art. 6. To see what sum of money or per cent of the grand list the town will vote to raise to defray the expenses and liabilities of said town.

Art. 7. To see what sum of money or per cent of the grand list the town will vote to raise for maintenance of highways.

Art. 8. To see what sum of money or per cent of the grand list the town will vote to raise for the maintenance of schools.

Art. 9. To see if the town will vote to raise a sum of money for highway purposes to take advantage of the State Aid Law and if so how much.

Art. 10. To see if the town will take advantage of Art. No. 48 of the Acts of the General Assembly of 1915.

Art. 11. To see if the town will appoint an agent to dispose of the town's real and personal property.

Art. 12. To see if the town will vote to instruct its school board to provide medical inspection for the public schools in accordance with Chapter 64 and Section 1313 of the General Laws.

Art. 13. To do any other business that may come before the said meeting.

F. E. YEAW,
H. W. WINCHESTER,
L. SNOW,

Selectmen.

Dover, Vt., February 6, 1928.
